STUDY IN GREECE 2018-2019 ASCSA PROGRAMS AND FELLOWSHIPS

The American School of Classical Studies at Athens, one of America's most distinguished centers devoted to advanced teaching and research, was founded in 1881 to provide American graduate students and scholars a base for their studies in the history and civilization of the Greek world. Today, over 135 years later, it is still a teaching institution, providing graduate students a unique opportunity to study firsthand the sites and monuments of Greece. The School is also a superb resource for senior scholars pursuing research in many fields ranging from prehistoric to modern Greece, thanks to its internationally renowned libraries, the Blegen, focusing on all aspects of Greece from its earliest prehistory to late antiquity, and the Gennadius, which concentrates on the Greek world after the end of antiquity. (Note: For the 2018-2019 academic year, the Blegen and Gennadius libraries may be closed for up to six months between January and June for reorganization; members of the School will continue to have access to other facilities of the School and other libraries in Athens).
