In 2005 Aaron and Nikki took WGSS 205: *Local/Global Sexual Politics* and interned in local social change organizations, where they studied organizing practices and wrote research papers as contributions to their organizations. Today, both work in the programs where they interned!

Nikki is Prevention Case Manager at AccessWorks!, the Minneapolis harm reduction and needle exchange clinic.

Aaron is Health Education Coordinator for PrideAlive, the gay and bisexual men's HIV prevention network at Minnesota AIDS Project.
